- System documentation, application testing, project support

Justin McNaughton

- System documentation, guide documentation, troubleshooting

Client Introduction

Sarem Othman – Manager
and Founder of Mocha Point

Thank you for taking the time
out of your busy schedule to
attend our presentation!

Mocha Point Background

Founded in 2023 in St. Charles, MO

B2C
(Business to Consumer)

2 New Locations Coming Soon

Current System

The Problem:

No alerts when stock is low, staff diversion, measurements not precise.

Who It Affects:
Mocha Point's owner
and employees

The Impact:
Wasted time,
overordering or
underordering, and
delays

Our Tech Stack

- Front End- Windows Forms
- Back End- C#
- Database- SQLite
- User Help- HTML

Provided Documentation

- User's Manual
- System Requirements
- Installation Plan
- Training Plan
- Support Plan
- Backup & Recovery Procedures
- Current & Proposed System Diagrams
- All Program Code & Data Dictionaries

Live Demo

The Big Picture

Before

- Manual Tracking
- No Stock Alerts
- No specific measurements
- Employees taken from other tasks

After

- Updates from POS output
- Customizable Desktop Notifications
- Conversions and unit tracking
- Less manual effort
